

EMPIRE STATE Law Enforcement Traffic Safety Conference

Dear Law Enforcement Leader,

You are cordially invited to attend the 2015 Empire State Law Enforcement Traffic Safety Conference, April 30 - May 1, 2015 in Syracuse, New York. Here, police officers of all ranks will share ideas and experiences aimed at improving traffic safety in their communities. The average person continues to be at greater risk of being a victim in a traffic crash than from crime, and traffic enforcement programs have proven and effective means of reducing both.

This is a Law Enforcement Only conference, where the topics discussed are not only relevant to you as a police officer, but where your thoughts are respected and likely shared by others. The ESLETS Conference is intended not only to inform, but to empower, and build a cooperative spirit across all agencies to better serve the communities we are sworn to protect.

We hope you will join us.

~ The ESLETS Committee

Attention:

Agencies are encouraged to send multiple attendees, but the ESLETS Committee may limit the number of attendees per agency if necessary to ensure participation by a broad cross-section of law enforcement agencies.

★ FEATURED PRESENTATIONS ★
